**Developing Jobs, Businesses and Wealth**

## Our Mission:

The primary purpose of the **Newark Port Career and Business Development Center (NPC&BDC)** is to establish a representative agency within the City of Newark's hub for logistics, transportation and distribution services that will focus on identifying and actualizing the Port District's capacity for creating jobs, business opportunities and wealth for the residents of the City of Newark.

## The City of Newark Port Career and Business Development Center will:

Work to identify and leverage the valuable resources in the Port District to ensure that business and workforce development opportunities are fully realized.

Collaborate with the City of Newark's Brick City Development Corporation and Newark Works organization to maximize business and career opportunities at the largest port on the eastern seaboard.

Develop regional and global working relationships with employers to respond to their human resource and business development needs.

Identify existing job opportunities, create industry specific training, and establish funding and scholarships for local resident training.

Notify residents of opportunities through a comprehensive community outreach program.

Provide access to specific occupational training, direct job placement, business opportunities and incentives.

Ensure a strong relationship with organized labor in order for more Newark residents to realize the many benefits of unionized employment — prevailing wages, fair working conditions, potential growth within the organization and the protection of workers rights.

Cultivate support systems with employers that will facilitate job opportunities for ex-offenders and remove barriers that may impede their consideration for opportunities.

The City of Newark Port Career and Business Development Center will unite with key stakeholders to nurture and stimulate industry and to identify and expand career opportunities. Our goal is to add value and wealth to businesses and the community. Please visit us on the web at [www.ci.newark.nj.us](http://www.ci.newark.nj.us) under the Economic Development icon or contact us directly at (973) 578-4691.
